

Workshop

MAKING YOUR LEADERSHIP ROLE MORE 'DOABLE'

Join us for an exciting **NEW** workshop delivered at local level throughout 2025. The event will provide you with the opportunity to engage with our latest resources, which have been designed and developed to support and enhance your leadership effectiveness.

As promised in Autumn 2024, Pairic Clerkin, IPPN CEO and Louise Tobin, IPPN President will visit each county to deliver this session.

This session will be an opportunity to network with peers, engage in hands-on learning, and gain valuable insights. It's also an opportunity for your county to come together as a network to celebrate the 25th Anniversary of IPPN. We look forward to seeing you there!
